I have are passion to help drive for the best opportunity that i can get to support NYIYAPALI TOs weather it's employment, training, contracts, education, sponsorship or just community care, small/big it doesn't matter it's something. I've help many and achieved a lot. I'd love to be apart of the KNAC board to help drive and push for bigger and better things going forward for the NYIYAPALI community and surrounding families.

Those that know me knows my journey. It would be are great honour to give back to what NYIYAPALI has help me achieve and also set up for our future generations to come.

Thank you for giving me the opportunity and for considering my application.

#### **B. Kimmy Yuline**

I am interested in nominating for a position with Karlka Nyiyaparli Aboriginal Corporation Board of Directors in the hopes of being elected.

During my previous directorship in 2013 myself and that Board of Directors achieved a lot of positive outcomes for Nyiyaparli people, such as:

- The lifting of the Special Administration by ORIC after one year, which signalled that ORIC believed that KNAC was in safe and steady hands with the Directors
- The introduction of annual budgets
- The adoption of a new strategic plan
- Clean (unqualified) Annual Audits
- The adoption of many policies that strengthen the framework and operation of KNAC
- The establishment of the various committees to support the frameworks required by the major mining agreements

Since then, I have maintained my commitment and involvement through my active roles sitting on the Rio Tinto LIC, the KNAC Heritage committee and participating in Heritage services. Now I would like step back up as a Director to help and continue the work of our old people.

If I am elected, I would like to get our people more involved with our corporation and actively make KNAC the best corporation it can be.

In support of my application, if I am elected to the KNAC Board of Directors, I look forward to adding value in all core areas of our corporation for the benefit of our communities.
