## NYIYAPARLI HEALTH AND WELLBEING PROJECT COMMITTEE

### EXPRESSION OF INTEREST

**Closing Date: 27 June 2025**

Karlka Nyiyaparli Aboriginal Corporation (KNAC) is calling for Expressions of Interest from Nyiyaparli Members to join the newly established **Nyiyaparli Health and Wellbeing Project Committee**.

This Committee will guide the implementation of recommendations from the 2024–2025 Nyiyaparli Health and Wellbeing Project, which focused on the experiences of Nyiyaparli people living with kidney disease. The first priorities will include:

- Increasing access to dialysis on-Country;
- Supporting Nyiyaparli people travelling for treatment;
- Establishing partnerships with organisations such as Wirraka Maya, Purple House, the Foundation for Indigenous Sustainable Health, and Kidney Health Australia;
- Providing culturally grounded education and support for prevention and care.

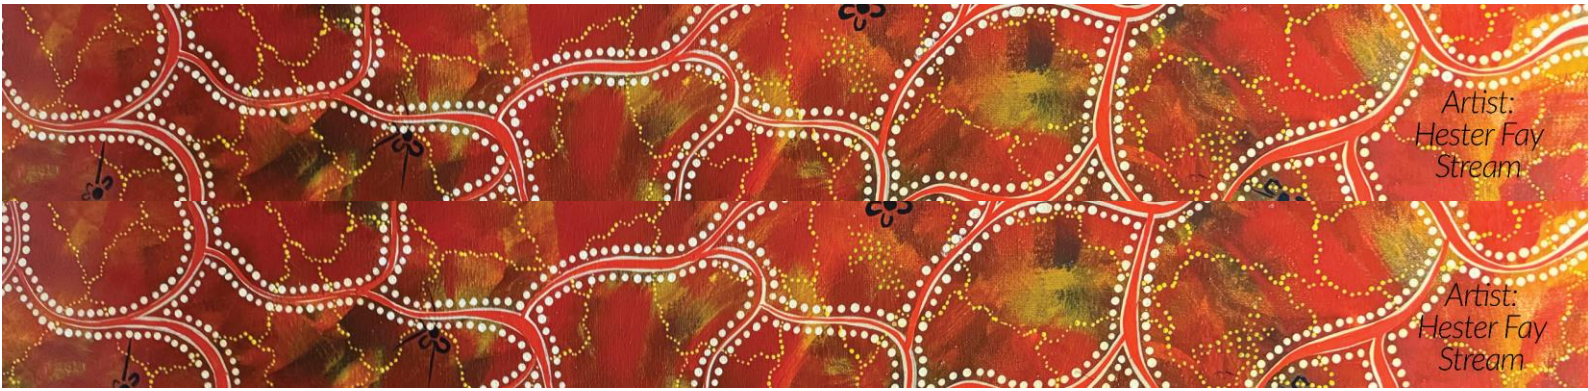

This is an opportunity to contribute directly to improving health outcomes for Nyiyaparli people, strengthen culturally safe care, and ensure services are shaped by community voices. The Subcommittee will work alongside the KNAC Board and other partners to advise on governance, implementation, and evaluation of health and wellbeing initiatives.

The Committee will consist of KNAC Member Directors and Nyiyaparli Members who bring lived experience, knowledge of health and wellbeing issues, or strong interest in supporting the community. No previous committee experience is required.

For more information about the project and its recommendation go to **Our News** on the KNAC website.

To apply, please email the completed form to [ceo@karlka.com.au](mailto:ceo@karlka.com.au) or return it to our South Hedland or Newman office by **5pm WST 27 June 2025**.

---

**KNAC Member Name:**

**Why I would like to nominate myself OR another KNAC Member as a member of the Nyiyaparli Health and Wellbeing Project Committee:**

**Any relevant experience or knowledge (e.g. health care, dialysis, patient support, community wellbeing):**

**Do you have any experience with committees? And/or did you engage with this project in earlier phases (e.g. yarns with Grounded Impact, co-design workshop with FISH):**
